Save Sight Research Grants for 2023

The Save Sight Society invites applications for one year research grants in ophthalmology and related fields in 2023.

The Heather MacKintosh Junior Research Grant is available for smaller research projects, to both Vocational and Non-vocational trainees, as well as any ancillary staff supported by an Ophthalmology department.

Guidelines for application are on the website
www.savesightsociety.org.nz

The closing date for grant applications is 5pm Friday, 13th May 2022. This applies for both the major grants as well as the Heather Mackintosh Grant for Junior Ophthalmology staff.
